DIPARTIMENTO DI SCIENZE DELL'ECONOMIA

IV EDITION

UNIVERSITY OF SALENTO

Parallel Journal Track Rooms Afternoon Session

May 07, 2026

from 9.30 am to 6.30 pm

LECCE

University of Salento

Centro Congressi (Conference
Center), Campus Ecotekne,
Via per Monteroni, Lecce

www.igckm.org

ROOM E1

British Food Journal (BFJ): Prof. Stefano Bresciani, Prof. Alberto Ferraris

Understanding students' intention to purchase local products in university canteens

Valentina Della Corte, Elena Lupolo, Giovanna Del Gaudio, Francesco Caputo

From Authenticity to Knowledge: Reframing Experiential Value and Innovation in GI-Based Agri-Food Tourism

Annunziata Tarulli, Domenico Morrone, Chiara Colamartino

Data Protection and Trust in Agriculture 4.0: Perceived Security, Security Awareness, and the Pathway to Knowledge Sharing

Cinzia Genovino, Antonella Della Puca, Ferdinando Mancino, Paola Zoccoli

The knowledge management of food addiction: A Multidimensional Food Addiction Framework beyond nutrients

Paola Pisano, Eleonora Ferrari, Francesco Menegoni, Giuseppe Zeppa, Marta Bertolino, Virginia Glicerina

European Management Journal (EMJ): Prof. Matteo Cristofaro

Can Sustainability Signals Reduce Information Asymmetry in Crowdfunding Markets?

Greta Benedetta Ferilli, Antonella Francesca Cicchiello, Valeria Stefanelli, Luca Anzilli

Managing ESG knowledge across the value chain: Evidence from Italian sustainability auditors

Giampiero Palazzo, Fabio Caputo, Simone Pizzi

From Customer Evidence to Strategic Repositioning: Psychographic Segmentation as a Customer-Centric Capability in Fuel Retail

Vincenzo Basile, Federica Caboni

Thriving through Disruption: Unveiling HRM Strategies for Employee Resilience

Francesco Antonio Perotti, Christian Di Prima

The dark side of strategic leadership in AI management: insights from organizations adopting AI technologies

Simone Bevilacqua, Gabriele Baima, Alberto Ferraris

ROOM E2

Business Strategy and the Environment (BSE): Prof. Piera Centobelli

Enablers and Barriers to Circular Economy Adoption: Reinterpreting Systematic Evidence Through a Knowledge Management Perspective

Mohammad Mahoud, Roberto Bruni

From Compliance to Strategy: How EPR Regulation Reshapes Business Models and Performance Systems in the Fashion Industry

Gabriella D'Amore, Rosa Staiano, Luigi Lepore

Managing environmental claims: an AI-enabled verification approach

Vincenza Volpe, Alessandra Storlazzi, Mario Cacciapuoti

From Information to Responsible Action: how Digital Platforms Enable Knowledge Creation, Storage, and Transfer through Informational Cues

Roberto Cerchione, Giuseppe Liccardo, Renato Passaro, Viviana Sicardi

A knowledge Architecture to reframe Business Strategies for Environmental Governance

Francesco Caputo, Rossella Canestrino, Cristina Cervino, Maria Giovanna Corrado

The Sustainability Value Chain: A Bibliometric Analysis

Stefano Adamo, Clarissa De Matteis, Simona Lamusta, Andrea Venturelli

Subsidiary Performance under Persistent Climate Risk: A Configurational Perspective

Roberta Troisi, Massimiliano De Iulii, Michele Mosca

Eclecticism and wishful thinking in the episteme of risk control for sustainable management

Massimo Bianchi

Corporate Social Responsibility and Environmental Management (CSREM): Prof. Roberto Cerchione

Knowledge Management enabling ESG: A Dialogic Approach to Sustainability Reporting and Management Accounting Research

Matteo Augello, Tatiana King, Elisabetta Mafrolla

From AI Ethics to AI Governance: Human-AI Augmented Management Systems for Sustainable Strategy

Rosa Palladino, Mario Grimaldi, Giovanni Papa, Antonio Napolano, Paolino Fierro

Luxury firms as agents of socio-economic development? Evidence towards a Co-Evolutionary Perspective

Enrico Cocco, Gianpaolo Abatecola, Chi Sheng Liu, Sara Poggesi, Michela Mari

From Sustainability Disclosure to Knowledge Governance: SDGs Reporting in the Italian ICT Sector

Simona Lamusta, Antonio Iazzi, Lucrezia Maria de Cosmo, Federica Cavallo

Orchestrating Industrial Symbiosis in the Italian Agri-Food Industry: A Multiple Case Study Approach

Stefano Abbate, Piera Centobelli, Maria Di Gregorio

Evaluating environmental social governance integration in supply chain management through AHP-FST

Roberto Cerchione, Renato Passaro, Giuseppe Liccardo, Viviana Sicardi

ROOM E3

Entrepreneurship Theory and Practice (ETP): Prof. Alfredo De Massis, Dr. Dario Natale Palmucci

Why Successors Do Not Change Everything: A Dual-Speed Perspective on Post-Succession Strategic Transformation in Family Business Groups

Cinzia Dessì, Andrea Vincis, Federica Caboni

Communal Knowledge as a Risk Mediator in Shaping Entrepreneurial Cognition in Sub-Saharan Africa
Forster Ampadu, Bice Della Piana, Sara Carbone

The knowledge-driven research exploitation ecosystem: a strategic approach

Marco Romano, James Cunningham, Chiara Marzocchi, Alessia Munni

Family Business Review (FBR): Prof. Alfredo De Massis, Dr. Dario Natale Palmucci

Acquisition and Divestment Motives in Entrepreneurial Family Portfolios

Manuela Cazzorla, Elisabetta Vurchio, Paola Maria D'Alessandro, Vincenzo Capalbo

How Family Firms Develop Dynamic Capabilities for Sustainability Through Alliances

Marianna Riefolo, Raffaele Silvestri, Anna Romagno, Jan-Philipp Ahrens

A Socioemotional Wealth Perspective on Family Firms' Financing Decisions

Lucia Pizzichini, Filippo Monge, Daniele Giordino

Artemide Corner: Women, Knowledge and Leadership in Family Business Systems (Journal Track FBR - Discussant: Dr. Dario Natale Palmucci)

Women's Leadership, Knowledge Stewardship, and the Foundation Museum as a Transgenerational Artifact in the Salvatore Ferragamo Family Business

Isotta Vazzoler, Roberta Cellini

ROOM E4 (1/2)

International Studies of Management Organization (ISMO): Prof. Armando Papa; International Marketing Review (IMR): Prof. John Cadogan

Organizational Impact of the Territorial Operations Center (COT) on Hospital-to-Community Transitions: a case study

Alba Miranda, Sipontina Rita Zerulo, Elena Cocozza, Raffaele Silvestri

Innovation Ecosystems for Circular Business Model Innovation: Evidence from an Italian startup

Antonella Pia d'Aries, Michele Posa, Ivano De Turi, Antonello Garzoni

Digitalization as institutional negotiation in traditional production systems

Filomena Izzo, Domenico Graziano, Mario Mustilli

Fostering the Sense of Belonging in Higher Education: The Buddy System as a Knowledge-Based relational mechanism

Sofia Galderisi, Bice Della Piana, Sara Carbone, Felice Addeo

DMOs as knowledge-based organizations: orchestrating residents' tacit place-based insights for destination governance

Chiara Cretì, Antonio Perrone, Paola Scorrano, Daniele Totisco

Banking Cybersecurity and Information Management: Evidence from ABF (Arbitro Bancario Finanziario) Decisions 2021-2025

Pasquale Stefanizzi, Chiara Cretì, Amedeo Maizza, Mauro Buscicchio

How Knowledge and Governance Shape Financial Decision-Making and Systemic Risk: An Integrated Econometric Approach

Luana Serino, Moreno Quintino, Valentina Cillo, Francesco Campanella

Benchmarking: An International Journal (BIJ): Prof. Pedro Soto-Acosta

Bibliometric analysis of the literature on "efficiency" in the healthcare system. What changes and developments have occurred between 1970 and 2025?

Emanuela Resta, Pierluigi Toma, Annachiara Serio, Preethymol Peter, Mattia Salvatore Agostiniello

Benchmarking Digital Health Governance in the WHO European Region: A Composite Maturity Index and its Knowledge-Governance Mechanisms

Simona Curiello, Enrica Iannuzzi, Claudio Nigro

ROOM E4 (2/2)

Business Process Management Journal (BPMJ): Prof. Elena-Mădălina Vătămănescu, Prof. Simona Popa, Prof. Asha Thomas

Optimizing decision-making processes in Digital Retail: the role of Autonomous Virtual Agents in sensory knowledge management

Ciro Carta, Paolo Barile, Raffaele Silvestri

Artificial Intelligence strategies in European banking: a qualitative study of business model heterogeneity

Francesco Manta, Vittorio Boscia, Pietro Marchetti

Decision-making process and inventory management: The enabling role of ESG practices

Giampiero Palazzo, Lorenzo Ligorio

Engagement ecosystems against knowledge hiding: a conceptual framework integrating stakeholders, knowledge management and e-learning

Mirko Perano, Claudio Del Regno, Nicola Prudente, Gian Luca Casali, Marco Pellicano

Is non-financial disclosure value-relevant for SMEs? Evidence from Italy

Simone Luongo, Giovanni Catello Landi, Raffaele D'Amore

Professional skepticism and inherent limitations: boundaries and responsibilities in sustainability assurance reports

Simone Pizzi, Fabio Caputo, Andrea Venturelli

Do Climate Change Disclosures Matter for Capital Markets? Evidence from Social Media and Analyst Forecasts

Nicola Raimo, Felice Petruzzella

Journal of Enterprise Information Management (JEIM): Prof. Asha Thomas

Aligning Knowledge Management and Industry 4.0 Technologies in Agile Organisations: The Role of Intensity, Diffusion and Effective Use.

Roberto Cerchione, Fabio Nonino, Eugenio Oropallo

Enhancing the Knowledge Learning System through AI-Based Avatars in Multicultural Contexts

Sara Carbone, Bice Della Piana, Forster Ampadu

ROOM E5 (1/2)

Journal of Knowledge Management (JKM): Prof. Valentina Cillo, Prof. Insaf Khelladi, Prof. Sylvaine Castellano

Accounting as a knowledge tool for creating and measuring value in public bodies

Adelaide Ippolito, Alessandra Belfiore, Corrado Cuccurullo, Margherita Smarra, Marco Sorrentino

Knowledge base management: new procedures for GenAI exploitation

Alessandra Cioli, Luca Marinelli, Gian Luca Gregori

Connecting Knowledge Tiles: The Emergence of Ba in the MOSAICO Project

Alessandro Cinti, Andrea Sabatini, Pier Franco Luigi Fraboni, Valerio Temperini

Artificial intelligence in healthcare knowledge systems for decision-making: how to foster value for patients

Francesco Schiavone, Daniele Leone, Raffaele Storti, Andrea Gargiulo

Generative AI as an Epistemological Mirror: A Theoretical Framework on Knowledge Creation and the Moderating Role of Absorptive Capacity

Andrea Meli, Melita Nicotra, Marco Romano

Absorptive capacity, organisational learning, and external knowledge in tourism SME innovation: A systematic literature review and thematic analysis

Andrea Vincis, Federica Carboni, Cinzia Dessì

Generation Z Healthcare Workers and Digital Knowledge Management in Hospitals: A Quasi-Experimental Study on Knowledge Sharing, Learning, and Retention

Daniele Virgillito, Caterina Ledda

Hybrid Intelligence in Corporate Boards: Validating and Integrating AI-Generated Knowledge

Francesca De Leonardis, Chiara Cretì, Antonio Netti, Amedeo Maizza, Mauro Romano

Designing Trust, Anticipating Threats: Digital Nudging for Organizational Resilience

Giulia Gogiali, Giulia Nevi, Gamma Federico, Luca Dezi

Telematic Universities' Business Model: Balancing Knowledge Dissemination and New Academic Business Strategies

Giulia Nevi, Marco Valerio Rossi, Paolo Coppola, Maria Palazzo, Maria Antonella Ferri

More data, better decisions? Rethinking knowledge creation in AI-driven accounting systems in the Italian ASL

Lorenzo Ligorio, Fabio Caputo, Andrea Venturelli

From reaction to mediation: rethinking sustainable consumption through a Society 5.0 driven S-O-R-S Framework

Marta Mazzanti, Antonio Monaco, Matilde Raiola, Speranza Dell'Aversano, Arianna Pezone

Kindness as an innovative facilitator of knowledge sharing within organizations

Antonio Usai, Michela Iesu, Daniele Porcheddu

Knowledge Debt in Data-Driven Organizations: A Bibliometric Analysis of Accumulation, Consequences and Management

Paolino Fierro, Giuseppe Perna, Luisa Varriale

Knowledge Management Capabilities for Value Co-Creation through Open Innovation Digital Platforms in SMEs

Tatyana Brod

Applying Clinical Trial Logic for AI: how Randomized Controlled Experiments build organizational knowledge

Paola Pisano, Maria Caligaris, Liv Berlinguer

ROOM E5 (2/2)

Beyond Matching: AI, Knowledge Management and the Transformation of Hospitality Recruitment Ecosystems

Paolo Coppola, Giulia Nevi, Marco Valerio Rossi, Maria Antonella Ferri, Maria Palazzo

Entrepreneurial Scale-Up in Historical Perspective: Organisational Routines, Knowledge Orchestration, and Execution Strategies, 1990-2025

Rossana Piccolo, Eva F. Romeo, Ylenia Cavacece

Beyond efficiency: how Generative AI reshapes knowledge recombination in the front end of product and service innovation

Umberto Labonia, Augusto Bargoni, Stefano Bresciani

Translating Sustainability Knowledge into Strategic Action in SMEs through a Multi-Actor University-Industry Short Master

Claudio Rosito, Valerio Buono, Fabrizio Flavio Baldassarre, Gennaro Durante

Algorithmic mediation in the strategic decision-making process: implications for knowledge management

Chiara Cretì, Francesca De Leonardis, Antonio Netti, Mauro Romano, Amedeo Maizza

Analysis Is Delegated, Not the Decision. Artificial Intelligence, Organizational Knowledge, and the Governance of Financial Decision-Making

Pasquale Stefanizzi, Monica Fait, Raffaele Liguori, Luigi Piccolo

Knowledge Transfer and Sustainable Innovation in the Wine Industry: Bridging Tradition and Value Creation in Knowledge-Intensive SMEs

Federica Cavallo, Monica Maria Elena Fait, Antonio Perrone, Moreno Quintino

Artemide Corner: Gender, Knowledge and Human-Centric Organisations in the Age of Emerging Technologies (Journal Track JKM - Discussant: Prof. Valentina Cillo)

Beyond the Motherhood Penalty: Knowledge Loss, Institutional Design, and the Sustainability of Academic Systems

Nadia Perveen

Letters of Love and War: Women as Epistemic Mediators in Relational and Human-Centred Knowledge Systems

Kamilla Manhusheva, Giuliano Faccendini

To what extent can algorithmically generated knowledge affect gender bias in leadership? Female leadership as an epistemic governance mechanism in data-driven organisations

Ida Gioia Cristiano, Maria Teresa D'Agostino, Angelo Rosa

Women Shaping Human-Centred Knowledge Practices in Technology-Intensive Organisations: A Conceptual Framework for Complex Regulatory Environments

Dario Russo

Rethinking Gender Accountability as Knowledge Governance: A Review of Knowledge Hiding and Inclusion in Contemporary Organizations

Assunta Di Vaio, Luisa Mastellone, Anum Zaffar, Luigi Lepore

Women's Leadership, Human Skills and Knowledge Management in the Age of Artificial Intelligence. A Humanistic Framework for Peace-Oriented Organisations.

Antonio Ragusa

ROOM E6

International Entrepreneurship and Management Journal (IEMJ): Prof. Manlio Del Giudice, Prof. Lucia Pizzichini

Innovation Labs as Knowledge Orchestrators for AI-Enabled Transformation in SMEs

Francesco Santarsiero, Giovanni Schiuma

Regenerative Entrepreneurship through the lens of knowledge management: a systematic literature review

Mathilda Esmeralda Spira, Paola De Bernardi, Canio Forliano

Dominant Firms, Weak Institutions: Pathways of Corruption Diffusion

Roberta Troisi, Michele Mosca

AI-Enabled Personalized Medicine as Knowledge-Intensive Healthcare Innovation: Evidence from Multimodal Patient Data

Beatrice Orlando, Nadia Di Carluccio

Artemide Corner: Entrepreneurship, Business Models and the Intangible Economy (Journal Track IEMJ - Discussant: Prof. Lucia Pizzichini)

Women-Led Innovation in Digital Banking: Rethinking Business Models in Fintech Ecosystems

Federica Cavallo, Paola Scorrano, Leonardo Mangia, Lea Dell'Aversano

Women Who Build: Gender Inclusion as a Strategic Lever in the Intangible Economy. Evidence from the Construction Sector

Maria Teresa Cuomo, Rosa Maria Caprino, Paola Cirinnà, Silvia Prete

ROOM E7

International Journal of Hospitality Management (IJHM), International Journal of Management Review (IJMR): Prof. Pantea Foroudi, Prof. Maria Teresa Cuomo

International Journal of Hospitality Management (IJHM)

Extending Protection Motivation Theory in accessible tourism: a cognitive perspective on travel intentions among people with disabilities

Simone Luongo, Giovanna Del Gaudio, Fabiana Sepe, Silvio Nobis

Phygital Sport Experiences in Hospitality and Tourism: How Digital Sport Technologies Drive Engagement, Place Attachment, and Revisit Intention

Federica Caboni, Lucia Pizzichini, Adele Bernt, Cinzia Dessi, Giuseppe Melis

Beyond visual branding: multisensory engagement as a cognitive–affective pathway to destination brand identity. Evidence from Shiraz, Iran

Majid Heidari, Daniele Verderese, Anna Di Vernieri, Marialuisa Saviano

Gamified Heritage Knowledge Ecosystems in Peripheral Micro-Destinations: Preliminary Evidence on Digital Cultural Content, Experiential Quality, and Behavioural Advocacy from an Ongoing Horizon Europe Study in the Monti Dauni (Apulia, Italy)

Rosa Spinnato, Leonardo Di Gioia, Enrica Iannuzzi, Claudio Nigro

Technology-Enabled Inclusive Tourism: Organizational Practices and Knowledge Management for Accessible and Sustainable Destinations in Italy

Piera Buonincontri, Tiziana Volpe, Paolino Fierro, Luisa Varriale

International Journal of Management Review (IJMR)

Artificial Intelligence and Organizational Knowledge Management: A Systematic Literature Review Through the Lens of Ambidexterity

Sabrina Fiore, Rosamartina Schena, Angeloantonio Russo

Artificial Intelligence and Knowledge Management for Legal and Compliance Risk in Banking: A Systematic Literature Review and Bibliometric Analysis

Giada Vacca, Simona Lamusta, Antonio Iazzi, Pietro Marchetti

Artemide Corner: Women, Knowledge and Leadership in Hospitality and Service Ecosystems (Journal Track IJHM - Discussant: Prof. Maria Teresa Cuomo)

Women Driving Service Quality: A Multi-Level Analysis of Motivation, Knowledge Sharing, Emotional Labor, and Leadership in Airline Service Ecosystems

Federico de Andreis, Cinzia Genovino

Rethinking Social Sustainability in Retail: Evidence from a Systematic Review (2020–2025) with Gender and Female Dimensions

Genni Perlangeli, Andrea Rea

Women micro-entrepreneurs and human-centric knowledge practices in peer-to-peer accommodation hospitality ecosystems

Alex Giordano, Mara Normando, Paola Zoccoli, Stefania Denise Escobar

ROOM E8

Journal of Financial Management, Markets and Institutions (JFMMI), Venture Capital (VC): Prof. Vincenzo Capizzi, Prof. Vincenzo Verdoliva

Journal of Financial Management, Markets and Institutions (JFMMI)

Managerial Overconfidence as Knowledge-Based Decision-Making Bias: Evidence from CEO Sentiment, Internal Financing, and Corporate Investment in Italian Listed Firms

Giuliano Villani, Pierluigi Toma

Can Artificial Intelligence Expand Financial Inclusion? Evidence from European Credit Markets

Luana Serino, Vincenzo Verdoliva, Francesco Campanella, Domenico Fontana

Transparency or Cost? ESG Disclosure and Risk-Adjusted Outcomes in European Banking

Luana Serino, Pasquale Sementini, Elena Borin, Manlio Del Giudice

Venture Capital (VC)

Financing Aerospace Innovation: Hybrid Investment Logics between Public and Venture Capital Actors

Filomena Izzo, Domenico Graziano, Mario Mustilli

Where Are the Search Fund Targets? Evidence from Italian SMEs

Pasquale Stefanizzi, Alessandra Caragnano, Daniele Arcidiacono, Mario Carluccio

Artemide Corner: Women, Venture Capital and Financial Ecosystems in Knowledge-Based Economies (Journal Track VC - Discussant: Dr. Alessandra Caragnano)

ROOM E9

Journal of Intellectual Capital (JIC): Prof. Marco Romano

Emotional Intelligence and Communication Style in Workplace Conflict Management: The Mediating Role of Intergenerational Climate

Adriana Apuzzo, Corrado De Cristofaro, Mario Testa, Orlando Troisi

Artificial Intelligence as Structural Capital: Evidence from Italian Manufacturing Sectors on Productivity and Profitability Dynamics

Giuseppe Russo, Loris Di Nallo, Benedetta Cuzzo, Alberto Manzari

Exploring Country-of-Origin Value under Information Asymmetry: A Co-Evolutionary Approach to Intellectual Capital

Enrico Cocco, Paolo Barile, Chi Sheng Liu, Rebecca Michetti, Luna Leoni

Balancing Transparency and Vulnerability: Digital Intellectual Capital Disclosure under Cyber Risk

Elena Borin, Stefano Fontana, Silvia Solimene

From Data-Driven to Knowledge-Enabled Decision Making: An Intellectual Capital Perspective on Strategic Management, CRM and Information Systems

Simona Lamusta, Oronzo Trio, Paola Scorrano, Pasquale Sementini

Intellectual Capital and Governance in Financial Decision-Making

Luana Serino, Valerio Piccolo, Fabio Campaniello, Armando Papa

Journal of Technology Transfer (JTT): Prof. Silvio Vismara

The Inversion of Scale: How AI-Assisted Development Challenges the Product-Over-Project Paradigm

Giovanni Giuffrida, Alessia Munia, Salvatore Nicotra, Francesco Russo, Marco Romano

Artificial Intelligence Across the Three University Missions: an integrative perspective on education, research innovation, and ecosystem transformation

Giustina Secundo, Domenica Barile, Daniela Cammalleri

Artemide Corner: Gender, Accountability and Intellectual Capital Reporting in Contemporary Organisations (Journal Track JIC - Discussant: Prof. Silvia Solimene)

Beyond Formal Presence: Female Access to Top Roles, Accountability and Intellectual Capital in Italian Firms

Pasquale Stefanizzi, Monica Fait, Oronzo Trio, Simona Marchetti

Transforming municipal intellectual capital into urban smartness: does gender diversity matter?

Roberta Barbieri, Marco Sorrentino, Francesco Natale, Benedetta Coluccia, Pasquale Sasso

From Fragmentation to Integration: A Gendered Analysis of Sustainability Knowledge Impact in Academic Intellectual Capital

Nathalie Colasanti, Daniela Coluccia, Carmela Gulluscio, Teresa Turzo

Women's Leadership and Intellectual Capital Dynamics in Human-Centric Organizations: a micro foundational perspective from the Wine Industry

Carmela Di Guida, Luigi Piccolo, Mario Nobis, Cesario De Angelis, Giuseppe Festa

ROOM E10

Systems Research and Behavioural Science (SRBS): Prof. Francesco Caputo, Prof. Gandolfo Dominici

Reconfiguring Medical Competencies for Artificial Intelligence in Healthcare
Alba Miranda, Francesca Ceruti, Dario Natale Palmucci, Raffaele Silvestri

Mastering Human Resources profiles in the digital environment through T-Shaped Logic and Systems Thinking
Francesco Caputo, Cristina Cervino, Maria Giovanna Corrado, Luigi Napoli

Governing Complexity in AI-Driven Organizations: Predictive Control and the Integration of Socio-Technical Systems
Gerardo Bosco, Raffaele D'Amore, Alessia Sciarrone, Mario Calabrese

Higher Education Responses to Skills Gaps in the MICE Industry: A Mixed-Methods Study
Valentina Della Corte, Francesco Caputo, Giovanna Del Gaudio, Fabiana Sepe, Vincenzo Carraturo

Creativity, Artificial Intelligence, and Knowledge Transformation in Made in Italy Design Education: Insights from the NIMI Project in a systems view
Marialuisa Saviano, Felice Addeo, Vincenzo Esposito, Anna Di Vernieri, Daniele Verderese, Maria Giovanna Corrado

Digital Health Governance as a Complex Adaptive System: Systemic Interdependencies, Institutional Feedback Mechanisms and Health System Performance in the WHO European Region
Simona Curiello, Enrica Iannuzzi, Claudio Nigro

From Elimination to Cultivation: A Systems Thinking Reconceptualisation of Applicant Relationship Management
Simonetta Zamparelli, Antonio Specchia, Elisabetta Horvath

Mapping AI-Driven Sustainability Research as a Knowledge Ecosystem: A Computational Meta-Review Using Topic Modeling
Francesca Iandolo, Antonio La Sala, Giuliano Maielli, Pietro Vito

Journal of Knowledge, Risk and Sustainable Management (KRISM): Prof. Mirko Perano

Intertemporal sustainability as a decision-making compass. Adjusted net savings, credit, and sustainability in an international panel analysis
Niccolò Serra, Pierluigi Toma

Building Legitimacy Through Circular Innovation Ecosystems: The Role of Green Knowledge and Innovation Mechanisms
Maria Elena Latino, Marta Menegoli, Laura Giangrande

Journal of Small Business and Enterprise Development (JSBED): Prof. Michela Mari

Deep Tech Startups and Entrepreneurial Ecosystems for Social Impact: Co-evolutionary Evidence from Italy
Paola M.A. Paniccia, Silvia Baiocco, Antonella Monda, Paolo Barile, Francesco Scafarto

Corporate museums as knowledge infrastructures: bridging past and present in Italy's evolving sector
Gerardo Cringoli, Pasquale Sasso, Stefano Palermo, Ludovico Solima

Recursive Knowledge Orchestration for Viable Governance of Emergency Department Boarding Crises
Anna Roberta Gagliardi, Pierpaolo Magliocca, Francesco Caputo, Regina Mazzotta

ROOM E11

Technology Analysis and Strategic Management (TASM): Prof. Umberto Panniello, Prof. Lorenzo Ardito

From recombination to redirection: m&a and cross-domain knowledge redeployment in frontier dual-use technologies

Mirko Perano, Claudio Del Regno, Gian Luca Casali, Ray Duplock, Marco Pellicano

When Corruption Spreads Horizontally: Mechanisms of Corporate Contagion

Roberta Troisi, Michele Mosca

Business Intelligence Systems: Knowledge Gaps and Future Research Directions

Marco Benvenuto, Luigi Piper, Tommaso Pavia

Technovation: Prof. Antonio Messeni Petruzzelli

Operational Fairness in Anti-Money Laundering: Evidence from an Explainable XGBoost model

Francesca Geusa, Pierangelo Ciurlia, Valeria Stefanelli, Vittorio Boscia

Exploring IKEA omnichannel strategy

Francesco Russo, Rosario Caffo, Marco Romano

Hidden in Plain Sight? A Knowledge Level of Analysis in Innovation Management

Kevin De Moortel

Exaptation and knowledge transformation in ecosystem evolution: the transition toward the Turin aerospace ecosystem

Lea Iaia, Veronica Scuotto, Marco Pironti

Leveraging Emerging Technologies for Circular Intellectual Capital in Innovation Ecosystems: A Strategic Dynamic Capabilities Approach

Domenica Barile, Maria Chiara De Lorenzi, Mariangela Lazoi, Giustina Secundo

ROOM E12 (1/2)

Technological Forecasting and Social Change (TFSC): Prof. Dirk Meissner, Prof. Francesco Schiavone

Generative artificial intelligence and environmental innovation: Does green knowledge management matter?

Nicola Varrone, Eugenio D'Angelo, Chiara Nespoli

Physical Climate Risk and Bank Capital: Knowledge-Based Foresight on the Socio-Technical Transmission Mechanisms of SDG 13

Egidio Palmieri, Greta Benedetta Ferilli

Anthropomorphic AI Agents and Strategic System of Technology Intelligence: Emotional Drivers of Impulsive Decision-Making

Gaetano Macario, Lucrezia Maria de Cosmo, Luigi Piper, Fabrizio Baldassarre, Savino Santovito

Supply Chain Digitalization through new openness ecosystems

Maria Rosaria Marcone

A double-edged sword: the ambivalent role of digitalization for Italian Inner Areas sustainable development

Fabiana Sepe, Simone Luongo, Giovanna Del Gaudio, Mario Tani, Gianpaolo Basile

An artificial intelligence & big data approach to explore innovation in family firms & non-family firms across firm age

Teresa Fritsch, Gundula Glowka, Melania Riefolo, Jan-Philipp Ahrens

Orchestrating Digital Transformation in Agricultural Ecosystems: The Role of Technology Providers

Sara Moggi, Paola De Bernardi, Alessia Battistella, Martina Panero

Mapping Territorial Propensity for Purpose Ecosystems: A Preference-Based Composite Indicator Approach for Italian Regions

Salvatore Greco, Valentina Mallamaci, Melita Nicotra, Marco Romano, Silvano Zappalà

Digital Payment Platforms as Inflation Coping Mechanisms: How Fintech Reshapes Consumer Spending Behaviour – Evidence from Türkiye

Didem Kayalidereden

ROOM E12 (2/2)

Review of Managerial Science (RMS): Prof. Sascha Kraus

Navigating performance monitoring through the North Star Metric: a qualitative analysis

Alessandro Di Marzo, Gabriele Santoro, Stefano Bresciani

When artificial intelligence meets innovation ecosystems: a process-based approach for decision-making

Giustina Secundo, Domenica Barile, Claudia Spilotro

Institutional Recognition and Brand Heritage: a Knowledge-Based view of Destination Ecosystems

Valentina Della Corte, Enrico Di Taranto, Eleonora Napolano

Proactive Legal Architecture and Knowledge Coordination in the ERIC case: Rethinking Decision-Making in Complex Organizations

Francesco Mastroianni, Alessia Munnia, Marco Romano

Navigating AI Transformation in Healthcare: The Evolving Role of Transformational Leadership Through a Multi-Dimensional Framework

Gaetano Magrone, Pasquale Del Vecchio

Cross-Sector Analysis of the Twin Transition: A Systematic Literature Review

Piera Centobelli, Giuditta Pagnotto Mogrovejo

Technology in Society (TIS): Prof. Marina Dabić

Global value chains, between geopolitical changes and resilience strategies: from just-in-time to just-in-case. Focus on semiconductors

Pietro Stilo, Domenico Marino, Moreno Quintino

When AI creates margins: Organizational adoption and the production of multiple inequalities

Adriano Solidoro, Barbara Quacquarelli
